What was the cause of your brain injury?

Road traffic accident

Assault

Accident

Stroke

Tumour

Brain haemorrhage

Other

Please specify

**When did the
brain injury
occur?**

How we can help you

Rehab services

A range of services that aid rehabilitation, develop practical skills, and give opportunities for people to socialize. Delivered from Headway House, these activities include physical activity sessions, arts and craft workshops, IT support, cookery classes and woodwork/carpentry training.

Gym and physiotherapy

Personalised, one-to-one support to aid physical rehabilitation. We offer individualised exercise programme, including balance retraining, strengthening exercise and cardiovascular training.

Outreach

Headway North Staffordshire's experienced outreach team helping to maximise independence. Outreach workers can help people to access social activities and attend appointments. The outreach service can also provide training in aspects of day-to-day living.

Speech and Language Therapy

A Health and Care Professions Council registered Speech and Language Therapist can provide an initial assessment of language (aphasia/apraxia) and speech disorders (dysarthria) and develop personalised therapy programmes to help people achieve their goals.

Please indicate what services you are interested in.
